Re: Nelson Meadow Subdivision  
Stormwater Permit Number 06-13-SWM-1885  
Engineering Permit Number 06-13-PWS-1886

Dear Mr. Anderson,

The purpose of this letter is to inform you that the above referenced permits for the Nelson Meadow Subdivision have expired. If you wish to move forward with the Nelson Meadow Subdivision, you must re-apply for site development permits. The new permits will require a new application, new engineering drawings and new stormwater calculations that meet the current regulations and are consistent with the plans approved by the Village Council (Resolution 2006-21 and Subdivision Improvement Agreement).

The required public improvements must be substantially completed in a manner acceptable to the Village Engineer prior to the Village issuing individual building permits for any lot within the subdivision. If you have any additional questions regarding these permits please contact me at 630-434-6893 or Alicia Humphries at 630-434-5941.

Sincerely,

Village of Downers Grove

Stanley J. Popovich, AICP  
Planner  
Community Development Department

Attachment – Resolution 2006-21  
Subdivision Improvement Agreement
