or any employee or subcontractor of any of them, or by the Village, its agents, servants, or employees, or due to the condition of the premises or other property of the Developer upon, about, or in connection with which any work incident to the performance of the terms of this Agreement is carried on except for any negligent or willful act or omission by the Village, its agents, servants, employees or contractors.

10. PERFORMANCE GUARANTEE

The Developer for the Project Improvements herein specified guarantees that the workmanship and material furnished under the specifications and used in said Project Improvements will be furnished and performed in accordance with well-known, established practice and standards recognized by engineers in the trade. All such Project Improvements shall be new and of the best grade of their respective kinds for the purpose. All materials and workmanship will be guaranteed by the Developer for a period of two (2) years from the date for final acceptance by the Village (“Guarantee Period”).

There shall be retained by the Village, under the Security Instrument, an amount equal to ten percent (10%) of the amount of the Security Instrument as a performance guarantee, as set forth in Section 20.402 of the Subdivision Code.

The Developer shall make or cause to be made, at its own expense, any and all repairs which may become necessary under and by virtue of this performance guarantee, and shall leave the improvement in good and sound condition, satisfactory to the Village and the Village Engineer, at the expiration of the Guarantee Period.

Further, if during said Guarantee Period, the improvement shall, in the opinion of the Village Engineer or Village, require any repairs or renewal which, in his or its judgment are necessitated by reason of settlement of foundation, structure, or backfill, or other defective workmanship of materials, the Developer shall, upon notification by the Village Engineer or Village of necessity for such repairs or renewals, make such repairs or renewals at its own cost and

expense. Should the Developer fail to make repairs or renewals within a reasonable time following written notification, in each case taking into account winter weather conditions, thereof from the Village, or fail to start working within thirty (30) days after such notification, the Village may cause such work to be done, either by contract or otherwise, and the entire cost and expense thereof shall be paid and deducted from the amount retained in the Security Instrument. Should such cost and expense exceed the amount retained or remaining in the Security Instrument, the Developer shall pay such amount of excess to the Village.

11. COMPLETION OF PROJECT IMPROVEMENTS.

(a) The Developer shall cause the Project Improvements to be completed within three (3) years from the date hereof, or, in the alternative, maintain, extend, or substitute the Security Instrument in the full amount provided therein, less any reductions theretofore from time to time approved by the Village, until such time as said Project Improvements are completed. Streets, trees and sidewalks shall be installed from time to time as buildings within the development are completed, subject to winter weather conditions. Developer shall cause its engineers to correct drawings to show work as actually constructed, and said engineers shall turn over original tracings thereof to the Village as and for the Village's property. In the event Developer fails or refuses to cause the extension or substitution of the Security Instrument to be delivered to the Village not less than forty-five (45) days prior to said expiration date, the Village shall have the right, but not the obligation to draw upon the Security Instrument then in force in accordance with the provisions contained therein to complete said Project Improvements.

(b) Upon completion of any Project Improvement and, further, upon the submission to the Village of a certificate from the engineering firm employed by the Developer stating that the said Project Improvements have been completed in conformance with this Agreement, Village ordinances, the final engineering plans and specifications relative thereto, and any applicable Agreements and all state and federal laws and standards, the Village Engineer shall, within seven

(7) business days after the Village receives the aforesaid certification from the Developer's engineer either (i) recommend to the Village's corporate authorities final acceptance of said Project Improvement or (ii) designate in writing to Developer all corrections or alterations which shall be required to obtain a recommendation of final acceptance of said Project Improvement, specifically citing sections of the final engineering plans and specifications, the applicable ordinances or this Agreement, any applicable Agreement or state or federal law or standard, relied upon by said Village Engineer. Should the Village Engineer reject any Project Improvement, or any portion or segment thereof, for a recommendation of final acceptance, the Developer shall cause to be made to such Project Improvement such corrections or modifications as may be required by the Village Engineer. The Developer shall cause the Project Improvements to be submitted and resubmitted as herein provided until the Village Engineer shall recommend final acceptance of same to the corporate authorities of the Village and the corporate authorities shall finally accept same. No Project Improvement shall be deemed to be finally accepted until the corporate authorities shall, by appropriate resolution, finally accept same.

Upon completion and as a condition of final acceptance by the Village, Developer agrees to convey and transfer those improvements, which are deemed by the Village to be public improvements to the Village by appropriate bill(s) of sale.

12. COMPLIANCE WITH LAWS AND ORDINANCES.

Notwithstanding this Agreement, in the event an existing valid ordinance of the Village was overlooked at the date hereof, the Developer, upon notice from the Village, and prior to acceptance of the Project Improvements, shall install or perform the improvement or work so required unless otherwise provided in the documentation referenced in this Agreement; further, any law or ordinance which shall be passed by the Village after the date of this Agreement, which is a law or ordinance directed to life-safety consideration, shall apply to the Property as of the effective date of said law or ordinance unless a building permit has been issued, in which case

work may be completed pursuant to that building permit. However, should the "life-safety" ordinance contain a retroactive clause and an occupancy certificate has not been issued, the building shall be brought into conformance with the retroactive ordinance. All future work for which building permits have not been issued shall comply with said life-safety law or ordinance.

13. LIEN WAIVERS.

The Developer shall furnish the Village with a contractor's affidavit showing all subcontractors and materialmen and lien waivers that all persons who have done work, or have furnished materials under this Agreement, and are entitled to a lien therefor under any laws of the State of Illinois, have been fully paid or are no longer entitled to such lien.

14. SIDEWALKS.

As part of the Subdivision, the Developer agrees to install sidewalk, in accordance with Village standards, along Brookbank Street, Jefferson Street, Nelson Court and Carpenter Street within the subdivision

15. TREES.

The Developer shall submit and comply with a tree preservation plan indicating the specific methods to be used to preserve and protect the existing black walnut trees located on the adjacent property to the south. Said plan shall be prepared in consultation with a licensed arborist and shall be reviewed and approved by the Village Forester. The Developer shall not be liable for any damage to the trees so long as compliance with the tree preservation plan is adhered to.

The developer shall preserve, protect or remove the existing trees in the Brookbank Street right-of-way as directed by the Village Forester.

16. DETENTION BASIN.

The Developer shall submit a detailed landscape plan for the retaining walls and grading of the detention basin located on Lot 8 of the Subdivision. The plan shall be reviewed and approved by the Village Forester. Upon approval of the landscape plan, the Developer shall adhere to the

terms and conditions of said plan.

17. BUILDING PLAN.

The Developer shall not build a structure upon Lot 8, until a Building Plan for such structure has been reviewed and approved by the Village Manager. If the Village Manager fails to approve a Building Plan for Lot 8, the Developer shall have the option to appeal the Village Manager's decision to the Village Council for approval. It is expressly understood that the review and approval of the Building Plan shall be limited to the proximity of the structure to the detention basin and the grading adjacent to the foundation of the structure.

18. 1117 JEFFERSON STREET.

The Developer shall relocate and reconstruct the portion of the driveway located within the existing right-of-way for the property located at 1117 Jefferson Street, as shown on the approved engineering plans, attached hereto as exhibit B. The driveway shall be reconstructed with similar materials as currently in place at the location. The Developer shall provide the property owners at 1117 Jefferson Street with a minimum of ten (10) days notice of the reconstruction activities. All driveway reconstruction activities shall be completed within five (5) business days, excluding the necessary concrete curing period. All necessary parkway restoration shall be completed within two weeks, weather permitting. Developer shall perform all work in accordance with industry standards and shall not be responsible for any damages that may occur as a result of the Owner's disregard of those standards.

19. WATERMAIN INSTALLATION:

The Developer shall install the watermain adjacent to the detention basin using trenchless technology in a manner acceptable to the Village Engineer.

20. FRONT BUILDING LINE:

The Developer shall record a restrictive covenant requiring a minimum front yard setback at thirty-two (32) feet for the properties fronting Carpenter Street and Brookbank Street. All other

setbacks shall comply with the Village Municipal Code.

21. OCCUPANCY PERMITS.

It is agreed that no final occupancy permits shall be issued for any building in said subdivision until all Project Improvements required for such building by this Agreement, except for final surface course of roads, sidewalks, and parkway trees have been completed. Parkway trees for a subdivided lot shall be installed at the expense of Developer by the Village Forester. Temporary occupancy permits may be issued prior to the completion of any of the Project Improvements when deemed appropriate by the Village in accordance with applicable Village Codes. However, a certificate of occupancy must be obtained within six (6) months from the date of receipt of the temporary occupancy permit. Occupancy permits may be issued for model home facilities used for construction and sale purposes only and not for regular residential habitation prior to the completion of the improvements.

22. MAINTENANCE OF PROJECT IMPROVEMENTS.

The Developer shall be responsible for the maintenance of the Project Improvements until such time as they are accepted by the corporate authorities of the Village. This maintenance shall include routine maintenance as well as emergency maintenance such as sewer blockages and water main breaks. If the Developer fails to maintain the Public Improvements, the Village shall have the right, but not the duty, to undertake such maintenance. Developer hereby agrees to reimburse the Village its costs for the performance of this maintenance or repair upon receipt of an invoice from the Village setting forth said cost to the Village.

23. DAMAGE TO PROJECT IMPROVEMENTS.

Developer shall be responsible for any and all damage to the Project Improvements, which may occur during the construction of the Project irrespective of whether the Project Improvements damaged have or have not been finally accepted hereunder. Developer shall replace and repair damage to the Project Improvements installed within, under or upon the Property resulting from

construction activities by Developer, its successors or assigns and its employees, agents, contractors or subcontractors during the term of this Agreement, but shall not be deemed hereby to have released any other party from liability or obligation in this regard. Developer shall have no obligation with respect to damage resulting from ordinary use, wear and tear occurring after final acceptance.

24. RELEASE OF SECURITY INSTRUMENT.

At the expiration of the Guaranty Period, the amount retained in the Security Instrument, less any and all necessary expenses which have been incurred by the Village in connection with the maintenance of the Project Improvement, other than the ordinary and usual care and maintenance thereof for any improvement of such type and age, shall be released by the Village and the Security Instrument shall be terminated.

25. VILLAGE REMEDIES.

(a) From and after the date on which the Village's Engineer notifies the Developer, in writing, that the Developer is in default of any of its obligations under this Agreement, the Developer shall pay to the Village, upon demand, all of the Village's fees, costs and expenses incurred in enforcing the provisions of this Agreement against Developer, including, without limitation, engineers' and attorneys' fees, costs and expenses, and if any litigation is instituted as part of such enforcement, any court costs and filing fees in addition to the attorneys' fees incurred therein.

(b) The Village shall have the right to pursue any and all remedies at law or in equity against the Developer and/or Owner, including, but not limited to drawing on the Security Instrument, pursuing all remedies at law to recover all costs owed by the Developer, or an action for specific performance of Developer's obligations under this Agreement.

(c) The rights and remedies of the Village as provided herein, in the Village Codes and/or in any agreements between the Village and Developer regarding the Subdivision, shall be

cumulative and concurrent, and may be pursued singularly, successively, or together, at the sole discretion of the Village, and may be exercised as often as occasion thereof shall arise. Failure of the Village, for any period of time or on more than one occasion, to exercise such rights and remedies, shall not constitute a waiver of the right to exercise the same at any time thereafter or in the event of any subsequent default. No act or omission of the Village, including specifically any failure to exercise any right, remedy or recourse, shall be deemed to be a waiver or release of the same; any such waiver or release shall be affected only through a written document executed by the Village and then only to the extent specifically recited therein. A waiver or release with reference to any one event shall not be construed as a waiver or release of any subsequent event or as a bar to any subsequent exercise of the Village's rights or remedies hereunder. Except as otherwise specifically required, notice of the exercise of any right or remedy granted to the Village is not required to be given.

26. BINDING EFFECT.

This Agreement shall be binding upon all parties, their successors, assigns, and grantees.

27. CONTINUITY OF OBLIGATIONS.

(a) This Agreement shall inure to the benefit of and shall be binding upon Developer's and Owner's successors in title, and shall be binding upon the Village and the successor Corporate Authorities of the Village and any successor municipality.

(b) Owner and Developer acknowledge and agree that the obligations assumed by each of them under this Agreement shall be binding upon them respectively and any and all of their respective heirs, successors, and assigns and the successor record owners and/or successor Developers of all or any portion of the Property. For purposes of this section, Developer's obligations shall not be assumed by a purchaser of a single family home, townhome or condominium who is a third party purchaser from owner and/or developer. To assure that such heirs, successors, and assigns have notice of this Agreement and the obligations created by it,

Owner and Developer agree:

- (i) that this Agreement shall be recorded with the DuPage County Recorder of Deeds;
- (ii) to require, prior to the transfer of title to all or any portion of the Property, the transferee of said portion of the Property to be bound by the provisions of this Agreement pursuant to the execution of an Assignment and Assumption Agreement (the "Assignment and Assumption Agreement"), said Assignment and Assumption Agreement to be in a form substantially in conformance with Exhibit F attached hereto and made a part hereof. The Village agrees that upon a successor becoming bound to the personal obligations created herein by execution of the Assignment and Assumption Agreement, the personal liability of Owner and/or Developer or other predecessor obligor under this Agreement shall be released to the extent of the successor's interest in the Property. Owner agrees to notify the Village in writing at least thirty (30) days prior to any date upon which Owner transfers a legal or beneficial interest in any portion of the Property to a transferee. Owner or any other predecessor obligor shall, not less than seven (7) business days prior to the effective date of the Assignment and Assumption Agreement becoming enforceable against the Village, provide the Village with a fully executed copy of the hereinabove required Assignment and Assumption Agreement by the transferee to be bound by the provisions of this Agreement. Security previously posted for subdivision improvements by the Owner and/or Developer or other predecessor obligor, shall not be released by the Village until a suitable substitute is provided by the successor and is accepted in writing by the Village.
